

Clarendon Primary School

Primary student use of mobile phones and personal devices

Purpose:

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students:

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices:

Student's personal devices are to be brought to the front office and will be securely locked in the filing cupboard.

If the student does not comply:

In instances of non-compliance with the policy the Principal will confiscate the device and secure it as mentioned above, before returning it to the students at the end of the school day. The Principal will communicate with the family, referring to the school Behaviour Code for further action.

Roles and Responsibilities:

Students	Comply with the requirements of the school's policy and follow all reasonable directions from the Principal and school staff.
